

International Collaborations by Department

Agricultural & Applied Economics

Basis CRSP

Subject: Making Markets Work for Rural Prosperity
Partner(s): Multiple
Contact(s): Eliza Waters: eswaters@wisc.edu
Web site: <http://www.basis.wisc.edu>

Central America

Subject: Land market programs
Partner(s): USAID, World Bank
Contact(s): Bradford Barham: barham@mailplus.wisc.edu

Central America

Subject: The impact of liberalization on the welfare of the rural poor in Central America
Contact(s): Michael Carter: mrcarter@wisc.edu

China

Subject: Safety net features of property right systems
Partner(s): Peking University
Contact(s): Michael Carter: mrcarter@wisc.edu

European Union, Canada

Subject: Interregional policy modeling of the US, Canadian, EU and world dairy sectors
Contact(s): Thomas Cox: cox@aae.wisc.edu

France

Subject: Dairy policy/industrial organization of the food sector
Partner(s): University of Toulouse
Contact(s): Jean-Paul Chavas: jchavas@wisc.edu

Guatemala

Subject: Educational attainment of children from poor families
Partner(s): Common Hope
Contact(s): Bradford Barham: barham@aae.wisc.edu

Italy

Subject: Economics of biodiversity
Partner(s): University of Verona, University of East Anglia (Great Britain)
Contact(s): Jean-Paul Chavas: jchavas@wisc.edu

Paraguay

Subject: Trust and informal insurance networks between farmers
Partner(s): Desarrollo-Instituto de Capacitacion y Estudios
Contact(s): Laura Schechter: lschechter@wisc.edu

Peru

Subject: Resource use patterns of peasants in biodiverse regions of the Peruvian Amazon
Partner(s):
Contact(s): Bradford Barham: barham@mailplus.wisc.edu

The Philippines

Subject: Policy lessons from watershed and upland research
Partner(s): University of the Philippines Los Banos
Contact(s): Ian Coxhead: coxhead@wisc.edu

South Africa

Subject: Income distribution dynamics
Partner(s):
Contact(s): Michael Carter: mcarter@wisc.edu

Thailand

Subject: Impacts of China's on SE Asian economies
Partner(s): Thai Ministry of Foreign Affairs
Contact(s): Ian Coxhead: coxhead@wisc.edu

United Kingdom

Subject: Economics of biodiversity
Partner(s): University of East Anglia, University of Verona (Italy)
Contact(s): Jean-Paul Chavas: jchavas@wisc.edu

Vietnam

Subject: Strategies to reconcile growth, the environment, and equity
Partner(s): Hue University, Thai Nguyen University, National Economics University,
Minister of Agriculture and Rural Development
Contact(s): Ian Coxhead: coxhead@facstaff.wisc.edu
Web site: <http://www.aae.wisc.edu/>

Agronomy

Bolivia, Colombia, Ecuador and Peru, Venezuela

Subject: Sustainable agriculture and environmental protection
Partner(s): CONDESAN
Contact(s): Joshua Posner: jlposner@wisc.edu

Bosnia

Subject: Forage Production for the dairy industry

Partner(s): USAID

Contact(s): Dan Undersander: djunders@wisc.edu

France

Subject: Plant-microbe symbioses

Partner(s): Centre National de la Recherche Scientifique (CNRS)

Contact(s): Jean-Michel Ané: jane@wisc.edu

France

Subject: Development of leguminous plants

Partner(s): Ecole Nationale Supérieure d'Agronomie de Toulouse (ENSAT)

Contact(s): Jean-Michel Ané: jane@wisc.edu

France

Subject: Plant-microbe symbioses

Partner(s): Université Paul Sabatier Toulouse III

Contact(s): Jean-Michel Ané: jane@wisc.edu

Germany

Subject: Plant-microbe symbioses

Partner(s): University of Munich (LMU)

Contact(s): Jean-Michel Ané: jane@wisc.edu

Japan

Subject: Plant-microbe symbioses

Partner(s): National Institute of Agrobiological Sciences (NIAS)

Contact(s): Jean-Michel Ané: jane@wisc.edu

Kosovo

Subject: Forage Production for the dairy industry

Partner(s): USAID

Contact(s): Dan Undersander: djunders@wisc.edu

New Zealand

Subject: Dairy Pastures

Partner(s): AgResearch New Zealand

Contact(s): Ken Albrecht: kaalbrec@wisc.edu

United Kingdom

Subject: Plant ion channels

Partner(s): University of York

Contact(s): Jean-Michel Ané: jane@wisc.edu

United Kingdom

Subject: Plant-microbe symbioses
Partner(s): John Innes Centre
Contact(s): Jean-Michel Ané: jane@wisc.edu

Animal Sciences

Bangladesh

Subject: Improvement of dairy cow and bull fertility in artificial insemination
Partner(s): Bangladesh Agricultural University - Mymensingh
Contact(s): John Parrish: parrish@ansci.wisc.edu

China

Subject: Application of technology to cattle breeding and production systems
Partner(s): Professor N. Zi, Southwest University for Minorities, Chengdu, PRC,
Dr. W. Ji, Kunming Institute of Zoology, Kunming, Yunnan
Contact(s): Jack Rutledge: rutledge@ansci.wisc.edu
Web site: <http://www.ansci.wisc.edu>

Finland

Subject:
Partner(s): University of Helsinki
Contact(s): Arnold Alanen: aralanen@wisc.edu

India

Subject: Improvement of cattle and buffalo fertility
Partner(s): Maharashtra Animal and Fishery Science University - Nagpur
Contact(s): John Parrish: parrish@ansci.wisc.edu

Kyrgyzstan and Kazakhstan

Subject: Wool marketing and production
Partner(s): Krygyz Sheep Breeders Association
Contact(s): Jess Reed: jdreed@wisc.edu, Liba Brent: liba_b@yahoo.com

Lithuania

Subject: Fish Endocrinology and aquaculture
Partner(s): Vilnius University
Contact(s): Terence Barry: tpbarry@wisc.edu

Thailand

Subject: Application of technology to cattle breeding and production systems
Partner(s): Dr. Siwat Sangsritavong
Contact(s): Jack Rutledge: rutledge@ansci.wisc.edu
Web site: <http://www.ansci.wisc.edu>

Vietnam

Subject: Application of technology to cattle breeding and production systems
Partner(s): Dr. Bui Xuan Nguyan, Vietnamese Center for Science and Technology, Hanoi
Contact(s): Jack Rutledge: rutledge@ansci.wisc.edu
Web site: <http://www.ansci.wisc.edu>

Vietnam

Subject: Bovine reproduction
Partner(s):
Contact(s): Jack Rutledge: rutledge@ansci.wisc.edu

Babcock Institute

China

Subject: Dairy development and trade promotion
Partner(s): China Agriculture University
Contact(s): Karen Nielsen: knielsen@cals.wisc.edu

Bacteriology

Argentina

Subject: Vitamin B12 biosynthesis in Lactobacil
Partner(s): CERELA-CONICET, Tucuman
Contact(s): Jorge Escalante: escalante@bact.wisc.edu

Australia

Subject: Photosynthesis gene expression and signal transduction
Partner(s): University of Queensland
Contact(s): Timothy Donohue: tdonohue@bact.wisc.edu

Austria

Subject: Metagenomics of microbial communities in soil and on plant roots
Partner(s): ARC Seibersdorf Research Institute, Seibersdorf
Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Brazil

Subject: Metagamomics in soil
Partner(s): Universidade Catolica de Brasilia, Brasilia
Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Costa Rica

Subject: Microbes associated with the acidic crater lake of Poas volcano

Partner(s): Universidad Nacional Costa Rica

Contact(s): Charles Kaspar: cwkaspar@wisc.edu

Japan

Subject: Signal molecules from soil microbial communities

Partner(s): National Research Institute of Advanced Industrial Science and Technology, Ibaraki

Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Kuwait

Subject: Advancement of Muslim women in science

Partner(s): Kuwait Institute of Scientific Research, Kuwait City

Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Thailand

Subject: International Research Experience for Students (IRES) - Microbiology

Partner(s): Mahidol University

Contact(s): Jon Roll: jtroll@wisc.edu

United Kingdom

Subject: Transcriptional response to oxidative stress in bacteria

Partner(s): John Innes Institute

Contact(s): Timothy Donohue: tdonohue@bact.wisc.edu

United Kingdom

Subject: Transcriptional control of photosynthesis genes by oxygen

Partner(s): University of Sheffield

Contact(s): Timothy Donohue: tdonohue@bact.wisc.edu

United Kingdom

Subject: Transcriptional control of photosynthesis genes by oxygen

Partner(s): Leeds University

Contact(s): Timothy Donohue: tdonohue@bact.wisc.edu

Biochemistry**Russia**

Subject: Molecular virology

Partner(s): Institute for Poliomyelitis

Contact(s): Ann Palmenberg: acpalmen@wisc.edu

Russia

Subject: Genetic recombination in bacteria
Partner(s): University of St. Petersburg
Contact(s): Michael M. Cox: cox@biochem.wisc.edu

Uganda

Subject: Diabetes
Partner(s): Makerere University
Contact(s): James Ntambi: ntambi@biochem.wisc.edu

Uganda

Subject: Molecular basis of Protein Energy Malnutrition
Partner(s): Makerere University
Contact(s): James Ntambi: ntambi@biochem.wisc.edu

Biology**Thailand**

Subject: Science Education Professional Development
Partner(s): Ministry of Education, Srinakharinwirot University, Mahidol University
Contact(s): Kevin Niemi: kjniemi@wisc.edu

CALS International Programs**Mexico**

Subject: Dairy development
Partner(s): Instituto Tecnologico y Monterrey-Campus Queretaro
Contact(s): Sharon Baumgartner: sbaumgartner@cals.wisc.edu

Uganda

Subject: Nutrition education policy
Partner(s): Makerere University
Contact(s): John Ferrick: jferrick@cals.wisc.edu

Dairy Science**Australia**

Subject: Dairy management, reproduction, and nutrition
Partner(s): University of New England, Laval University, Wageningen University
Contact(s): Michel Wattiaux: wattiaux@wisc.edu ,Louis Armentano: learment@wisc.edu
Kent Weigel: kweigel@wisc.edu

Australia

Subject: International collaboration on teaching animal breeding and genetics
Partner(s): Julius van der Werf & Brian Kinghorn, University of New England
Contact(s): Kent Weigel: kweigel@wisc.edu, Louis Armentano: learment@wisc.edu,
Michel Wattiaux: wattiaux@wisc.edu

Bangladesh

Subject: Dairy development and nutrition
Partner(s): Bangladesh Agricultural University
Contact(s): Jess Reed: jdreed@wisc.edu

Canada

Subject: Dairy management, reproduction, and nutrition
Partner(s): University of New England, Laval University, Wageningen University
Contact(s): Michel Wattiaux: wattiaux@wisc.edu , Louis Armentano: learment@wisc.edu ,
Kent Weigel: kweigel@wisc.edu

China

Subject: Biodiversity conservation and sustainable development
Partner(s): Kunming Institute Zoology, Chinese Academy of Sciences
Contact(s): William Karasov: wkarasov@wisc.edu , Kenneth Albrecht: kaalbrec@wisc.edu ,
Jess Reed jdreed@wisc.edu , Joshua Posner: jlposner@wisc.edu

Israel

Subject: Candidate genes affecting milk production and health traits
Partner(s): Hebrew University of Jerusalem
Contact(s): Hasan Khatib: hkhatib@wisc.edu

Italy

Subject: Detection and validation of quantitative trait loci in Italian Brown Cattle
Partner(s): Alessandro Bagnato, University of Milan
Contact(s): Kent Weigel: kweigel@wisc.edu , Hasan Khatib: hkhatib@wisc.edu

Italy

Subject: Genes affecting health fertility and milk production
Partner(s): University of Milan
Contact(s): Hasan Khatib: hkhatib@wisc.edu

Italy

Subject: Dairy production to improve milk and milk product safety and quality
Partner(s): University of Sassari
Contact(s): Pamela Ruegg: plruegg@wisc.edu

Mexico

Subject: Comparative Analysis of Dairy Production Systems
Partner(s): Instituto Tecnológico y Monterrey-Campus Queretaro
Contact(s): Michel Wattiaux: wattiaux@wisc.edu

The Netherlands

Subject: International collaboration on teaching animal breeding and genetics
Partner(s): Johan van Arendonk, Wageningen Agricultural University
Contact(s): Kent Weigel: kweigel@wisc.edu , Louis Armentano: learment@wisc.edu ,
Michel Wattiaux: wattiaux@wisc.edu

The Netherlands, Australia, Canada

Subject: Dairy management, reproduction, and nutrition
Partner(s): University of New England, Laval University, Wageningen University
Contact(s): Michel Wattiaux: wattiaux@wisc.edu , Louis Armentano: learment@wisc.edu ,
Kent Weigel: kweigel@wisc.edu

Norway

Subject: Genetic selection for improved health and fertility in dairy cattle
Partner(s): Torstein Steine & Bjorg Heringstad, Agricultural University of Norway
Contact(s): Kent Weigel: kweigel@wisc.edu , Dan Gianola: gianola@ansci.wisc.edu

Thailand

Subject: Nutrient management in livestock operations
Partner(s): Khon Kean University
Contact(s): Michel Wattiaux: wattiaux@wisc.edu

Entomology

Canada

Subject: Tree Defense Chemistry
Partner(s): University of British Columbia
Contact(s): Kenneth Raffa: raffa@entomology.wisc.edu

Canada

Subject: Bark Beetle Population Dynamics
Partner(s): Canadian Forest Service
Contact(s): Kenneth Raffa: raffa@entomology.wisc.edu

Canada

Subject: Landscape Ecology
Partner(s): University of Northern British Columbia
Contact(s): Kenneth Raffa: raffa@entomology.wisc.edu

Iceland

Subject: Ecology of Lake to Land Food Web Linkages
Partner(s): University of Iceland
Contact(s): Claudio Gratton: gratton@entomology.wisc.edu

Thailand

Subject: Mosquito transmission of human pathogens
Partner(s): Mahidol University, Bangkok
Contact(s): Susan Paskewitz: paskewit@entomology.wisc.edu

United Kingdom (England)

Subject: Environmental change; plant-insect interactions
Partner(s): University of Southampton
Contact(s): Rick Lindroth: lindroth@entomology.wisc.edu

Food Microbiology & Toxicology

Italy

Subject: Bacillus cereus virulence and motility
Partner(s): University of Pisa
Contact(s): Amy Wong: acwong@wisc.edu
Web site: <http://www.wisc.edu/fri>

Thailand

Subject: Bacillus cereus toxins
Partner(s): Mahidol University
Contact(s): Amy Wong: acwong@wisc.edu
Web site: <http://www.wisc.edu/fri>

Forest & Wildlife Ecology

Argentina

Subject: Physiological ecology and ecotoxicology of vertebrates
Partner(s): University of San Luis
Contact(s): William Karasov: wkarasov@wisc.edu

Belgium

Subject: Plant cell wall chemistry, biochemistry, metabolomics
Partner(s): VIB, University of Gent
Contact(s): John Ralph: jralph@wisc.edu
Web site: <http://ars.usda.gov/mwa/madison/dfrc>

Canada

Subject: Plant cell wall chemistry, biochemistry, metabolomics
Partner(s): U. British Columbia
Contact(s): John Ralph: jralph@wisc.edu
Web site: <http://ars.usda.gov/main/>

China

Subject: Chinese demand for U.S. manufactured value added wood products
Partner(s): Council of Great Lakes Governors, Shared China Trade Office
Contact(s): Scott Bowe: sbowe@wisc.edu
Web site: <http://forest.wisc.edu>

Denmark

Subject: Private forest policy and practice
Partner(s): University of Copenhagen
Contact(s): Mark Rickenbach: mgrickenbach@wisc.edu

France

Subject: Forest Management and Economics
Partner(s): Ecole Nationale du Genie Rural, des Eaux et des Forest (ENGREF)
Contact(s): Joseph Buongiorno: jbuongio@facstaff.wisc.edu

France

Subject: Plant cell wall chemistry, Biochemistry
Partner(s): INRA, UMR
Contact(s): John Ralph: jralph@wisc.edu

France

Subject: Forest Economics and Management
Partner(s): French Academy of Agriculture
Contact(s): Joseph Buongiorno: jbuongio@wisc.edu

Germany

Subject: GIS analysis of forest ecology
Partner(s): Humboldt University
Contact(s): Volker Radeloff: radeloff@wisc.edu

Germany

Subject: Plant cell wall chemistry, biochemistry, cereal grains
Partner(s): University of Hamburg
Contact(s): John Ralph: jralph@wisc.edu
Web site: <http://ars.usda.gov/mwa/madison/dfrc>

Germany

Subject: Land cover change in Eastern Europe
Partner(s): Humboldt University, Geography Department
Contact(s): Volker Radeloff: radeloff@wisc.edu
Web site: <http://silvis.forest.wisc.edu>

Germany

Subject: International Forest Products Demand Forecasting
Partner(s): University of Kassel
Contact(s): Joseph Buongiorno: jbuongio@wisc.edu

Israel

Subject: Physiological ecology of migratory birds
Partner(s): Ben-Gurion University of the Negev
Contact(s): William Karasov: wkarasov@wisc.edu

New Zealand

Subject: Plant cell wall chemistry, biochemistry
Partner(s): Forest Research; U. Auckland
Contact(s): John Ralph: jralph@wisc.edu
Web site: <http://ars.usda.gov/mwa/madison/dfrc>

Norway

Subject: Forest Economics
Partner(s): The Agricultural University of Norway
Contact(s): Joseph Buongiorno: jbuongio@facstaff.wisc.edu

Sweden

Subject: Plant cell wall chemistry, biochemistry, NMR
Partner(s): Umea University, KTH
Contact(s): John Ralph: jralph@wisc.edu
Web site: <http://ars.usda.gov/mwa/madison/dfrc>

Sweden

Subject: Forest Economics and Management
Partner(s): Forestry Research Institute of Sweden, Uppsala
Contact(s):: Joseph Buongiorno: jbuongio@wisc.edu

Sweden

Subject: Forest Economics and Management
Partner(s): University of Agricultural Sciences, Umea
Contact(s):: Joseph Buongiorno: jbuongio@wisc.edu

Trinidad

Subject: Avian ecology
Partner(s): University of the West Indies
Contact(s): Stanley Temple: satemple@wisc.edu

Horticulture

Argentina

Subject: Diversity in Argentine Solanum and Daucus
Partner(s): Instituto Nacional de Tecnologia Agropecuaria (INTA)
Contact(s): Philipp Simon: psimon@wisc.edu
Web site: <http://www.ars.usda.gov/mwa/madison/vcru>

Argentina

Subject: Potato and tomato taxonomy
Partner(s): University of Cuyo
Contact(s): David M. Spooner: dspooner@wisc.edu
Web site: http://horticulture.wisc.edu/faculty/faculty_pages/Spooner/spooner.php

Argentina

Subject: Vegetable genetics and breeding
Partner(s): Balcarce University, Mar del Plata, Argentina
Contact(s): Philipp Simon: psimon@wisc.edu

Bangladesh

Subject: Improvement of garlic and onion
Partner(s): Bangladesh Agricultural University
Contact(s): Philipp Simon: psimon@wisc.edu
Web site: <http://www.ars.usda.gov/mwa/madison/vcru>

Brazil

Subject: Selection of superior open-pollinated populations and hybrids of onion for Brazil
Partner(s): EMBRAPA / Clima Temperado, Pelotas, RS, Brazil
Contact(s): Michael Havey: mjhavey@wisc.edu

Brazil

Subject: Vegetable genetics and breeding
Partner(s): CNPH (Centro Nacional de Pesquisa de Hortícolas), EMBRAPA, Brasilia, Brazil
Contact(s): Philipp Simon: psimon@wisc.edu

China

Subject: Breeding and genomics of melons and cucumbers
Partner(s): Nanjing Agricultural University, Chinese Academy of Agricultural Sciences
Contact(s): Jack Staub: jestaub@wisc.edu

China

Subject: Structure and epigenetic modifications of rice centromeres
Partner(s): Institute of Genetics and Development Biology, Chinese Academy of Science
Contact(s): Jiming Jiang: jjiang1@wisc.edu

China

Subject: Carrot breeding
Partner(s): Chinese Academy of Agricultural Sciences, Beijing, China
Contact(s): Philipp Simon: psimon@wisc.edu

Costa Rica

Subject: Tropical agriculture study abroad for UW students; advising and lecturing for ITCR
Partner(s): Instituto Tecnológico de Costa Rica
Contact(s): Jim Nienhuis: nienhuis@wisc.edu

Costa Rica

Subject: Study abroad field trip with approximately 22 students each winter break
Partner(s): Instituto Tecnológico de Costa Rica, San Carlos and Centro Agronómico Tropical de Investigación y Enseñanza, Turrialba, Costa Rica
Contact(s): Jim Nienhuis: nienhuis@wisc.edu

Ecuador

Subject: Summer student internship – we invite a student to work with us on vegetable research.
Partner(s): None
Contact(s): Jim Nienhuis: nienhuis@wisc.edu

France

Subject: Carrot and apiaceae germplasm
Partner(s): Institut National d'Horticulture, Angers, France
Contact(s): Philipp Simon: psimon@wisc.edu

Guatemala

Subject: Virus resistance in tomato and related plants
Partner(s): University of San Carlos, Guatemala City
Contact(s): Michael Havey: mjhavey@wisc.edu

India

Subject: Development of mitochondrial genetic resources for hybrid development for onion and estimation of genetic distances among Indian onions
Partner(s): National Research Centre for Onion & Garlic, Rajgurunagar, Pune Dist., Maharashtra, India
Contact(s): Michael Havey: mjhavey@wisc.edu

Italy

Subject: Vegetable genetics
Partner(s): University of Naples, Portici, Italy
Contact(s): Philipp Simon: psimon@wisc.edu

Japan

Subject: High efficiency comparative mapping of onion and relatives
Partner(s): Yamaguchi University, Yamaguchi, Japan
Contact(s): Michael Havey: mjhavey@wisc.edu

Kazakhstan

Subject: Vegetable breeding
Partner(s): Research Center of Potato & Vegetable Farming, Karasai, Almaty, Kazakhstan
Contact(s): Philipp Simon: psimon@wisc.edu

New Zealand

Subject: Mapping of major health enhancing and flavor attributes of onion
Partner(s): Crop and Food Research, Christchurch, NZ
Contact(s): Michael Havey: mjhavey@wisc.edu

Peru

Subject: Potato taxonomy
Partner(s): International Potato Center
Contact(s): David M. Spooner: dspooner@wisc.edu
Web site: http://horticulture.wisc.edu/faculty/faculty_pages/Spooner/spooner.php

Poland

Subject: Diversity in wild and cultivated Daucus
Partner(s): Agricultural University of Krakow
Contact(s): Philipp Simon: psimon@wisc.edu
Web site: <http://www.ars.usda.gov/mwa/madison/vcru>

Russia

Subject: Potato taxonomy
Partner(s): Valvilov Institute
Contact(s): David M. Spooner: dspooner@wisc.edu
Web site: http://horticulture.wisc.edu/faculty/faculty_pages/Spooner/spooner.php

Scotland

Subject: Potato taxonomy
Partner(s): Scottish Crop Research Institute
Contact(s): David M. Spooner: dspooner@wisc.edu
Web site: http://horticulture.wisc.edu/faculty/faculty_pages/Spooner/spooner.php

Senegal

Subject: Development of maintainer lines of onion for hybrid production for the Sahael region
Partner(s): TropicaSem (a seed company headquartered in Dakar Senegal)
Contact(s): Michael Havey: mjhavey@wisc.edu

Slovenia

Subject: Haploid extraction from onion
Partner(s): University of Ljubljana, Slovenia
Contact(s): Michael Havey: mjhavey@wisc.edu

Tunisia

Subject: Plant germplasm
Partner(s): Institut des Régions Arides (IRA), Médenine, Tunisia
Contact(s): Philipp Simon: psimon@wisc.edu

Turkey

Subject: Plant biotechnology
Partner(s): Canakkale Onsekiz Mart University, Canakkale, Turkey
Contact(s): Philipp Simon: psimon@wisc.edu

Turkey

Subject: Vegetable genetics
Partner(s): Uludag University, Gorkule, Turkey
Contact(s): Philipp Simon: psimon@wisc.edu

Uzbekistan

Subject: Germplasm variation and reproduction Allium and Daucus
Partner(s): Scientific Center of Plant Production "Botanika"
Contact(s): Philipp Simon: psimon@wisc.edu
Web site: <http://www.ars.usda.gov/mwa/madison/vcru>

Life Sciences Communication**Canada**

Subject: Aboriginal Research Council
Partner(s): University of Winnipeg
Contact(s): Theresa Schenck: schenck@wisc.edu

Canada

Subject: Translocality, Identity and British (Canada)—USA Borderlands
Partner(s): University of Western Ontario
Contact(s): Theresa Schenck: schenck@wisc.edu

CANADA

Subject: Translocality, Identity and British (Canada)—USA Borderlands (1763-1848)

Partner(s): University of Calgary

Contact(s): Theresa Schenck: schenck@wisc.edu

CANADA

Subject: Overcoming barriers of ignorance, intolerance and misunderstanding, and to education aboriginal and other students, maintaining language and heritage, deepening understandings and extending aboriginal perspectives to all facets of the student of the Hudson' bay watershed.

Partner(s): Aboriginal Research Council at the University of Winnipeg

Contact(s): Theresa Schenck: schenck@wisc.edu

Colombia

Subject: Communication and democracy

Partner(s): Universidad Externado de Colombia

Contact(s): Hernando Rojas: hrojas@wisc.edu

Trinidad

Subject: Communications

Partner(s): University of the West Indies

Contact(s): Larry Meiller: meiller@wisc.edu

Natural Resources

Australia

Subject: Comparative aspects of remote, resource-based communities in Australia and North America

Partner(s): University of New South Wales

Contact(s): Arnold Alanen: aralanen@wisc.edu

Nutritional Sciences

Burkina Faso and Ghana

Subject: Vitamin A assessment

Partner(s): International Atomic Energy Agency

Contact(s): Sherry A Tanumihardjo: sherry@nutrisci.wisc.edu

Brazil, Central America, Chile, Guatemala, India, Panama, New Zealand

Subject: Energy requirements for the elderly

Partner(s): International Atomic Energy Commission, University of Sao Paulo, Brazil; Institute of Population Health & Clinical Research, Bangalore, India; Auckland University of Technology, Auckland, New Zealand; University of Chile, Santiago, Chile; Institutional Nutrition, Central America & Panama, Guatemala City, Guatemala

Contact(s): Dale Schoeller: dschoell@nutrisci.wisc.edu, Nutritional Sciences

Indonesia, Thailand

Subject: Vitamin A assessment

Partner(s): Mahidol University, Thailand, Nutrition Research and Development Center, Indonesia

Contact(s): Sherry A Tanumihardjo: sherry@nutrisci.wisc.edu

Thailand, Indonesia

Subject: Vitamin A assessment

Partner(s): Mahidol University, Thailand, Nutrition Research and Development Center, Indonesia

Contact(s): Sherry A Tanumihardjo: sherry@nutrisci.wisc.edu

Uganda

Subject: Nutrition distance education

Partner(s): Makerere University

Contact(s): Susan Nitzke: nitke@nutrisci.wisc.edu

United Kingdom

Subject: UK subjects that are ingesting far lower levels of Se than US subjects

Partner(s): University of Reading

Contact(s): Roger Sunde: sunde@nutrisci.wisc.edu

Plant Pathology

Austria

Subject: Metagenomics of microbial communities in soil and on plant roots

Partner(s): ARC Seibersdorf Research Institute, Seibersdorf

Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Brazil

Subject: Metagenomics in soil

Partner(s): Universidade Catolica de Brasilia, Brasilia

Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Egypt

Subject: Development of multiplex assay to detect bacterial pathogens

Partner(s): Nabil Sobhi Farag

Contact(s): Amy Charkowski: amyc@plantpath.wisc.edu

Guatemala

Subject: Developing disease-resistant tomatoes and disease-free ornamental production for export

Partner(s): University of San Carlos

Contact(s): Caitilyn Allen: cza@plantpath.wisc.edu

Web site: <http://www.plantpath.wisc.edu/fac/cza.htm>

Israel and Morocco

Subject: Improvement of local seed potato production in the Middle East

Partner(s): Hebrew University, Tel Aviv, Israel;
Ministry of Agriculture, Agadir, and Ibn Zohr, Morocco

Contact(s): Amy Charkowski: amyc@plantpath.wisc.edu

Japan

Subject: Signal molecules from soil microbial communities

Partner(s): National Research Institute of Advanced Industrial Science and Technology, Ibaraki

Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Kuwait

Subject: Advancement of Muslim women in science

Partner(s): Kuwait Institute of Scientific Research, Kuwait City

Contact(s): Jo Handelsman: joh@plantpath.wisc.edu

Morocco, Israel

Subject: Improvement of local seed potato production in the Middle East

Partner(s): Hebrew University, Tel Aviv, Israel;
Ministry of Agriculture, Agadir, and Ibn Zohr, Morocco

Contact(s): Amy Charkowski: amyc@plantpath.wisc.edu

Poland and Serbia

Subject: Improving seed potato production

Partner(s): USDA-FAS

Contact(s): Walter Stevenson: wrs@plantpath.wisc.edu

South Africa

Subject: Aflatoxin control in peanuts

Partner(s): Nelson Mandela Metropolitan University

Contact(s): Nancy Keller: npk@plantpath.wisc.edu

Thailand

Subject: Environmentally sound potato production
Partner(s): Kasetsart University
Contact(s): Walter Stevenson: wrs@plantpath.wisc.edu

Rural Sociology**Australia**

Subject: Natural resource management
Partner(s): Griffith University, Queensland
Contact(s): Pete Nowak: pnowak@wisc.edu
Web site: <http://www.drs.wisc.edu/people/faculty/nowak.htm>

Austria

Subject: Population Analysis and Forecasting
Partner(s): International Institute for Applied Systems Analysis, Wolfgang Lutz, Head, Population
Contact(s): Paul Voss: voss@ssc.wisc.edu

Ireland

Subject: Spatial Data Analysis
Partner(s): National Centre for Geocomputation, National University of Ireland at Maynooth, A. Stewart Fotheringham, Director
Contact(s): Paul Voss: voss@ssc.wisc.edu

Israel

Subject: Water politics and policy
Partner(s):
Contact(s): Samer Alatout: snalatout@wisc.edu

Israel

Subject: Environmental future in Israel and Palestine
Partner(s): Haifa University, Israel, Bier Zeit and Al-Najah Universities, Palestine
Contact(s): Samer Alatout: snalatout@wisc.edu

Netherlands

Subject: Rural Sociology
Partner(s): Wageningen University
Contact(s): Michael Bell: michaelbell@wisc.edu

New Zealand

Subject: Food, agriculture and the Environment
Partner(s): Center for the Study of Agriculture, Food and the Environment, Dunedin
Contact(s): Michael Bell: michaelbell@wisc.edu

Norway

Subject: Community perceptions of social and ecological change: a cross- national comparison

Partner(s): Center for Rural Research Norway Norwegian University of Science & Technology

Contact(s): Roger Hammer: rhammer@wisc.edu

United Kingdom

Subject: Rural economy and society

Partner(s): University of Newcastle

Contact(s): Michael Bell: michaelbell@wisc.edu

Soil Science

Argentina

Subject: Importance of dust as paleoclimate indicator in the Southern Hemisphere

Partner(s): Professor Bettina Ercolanto, University of Southern Patagonia (UNPA),
Dr. Jorge Rabassa, CONICET/CADIC, Ushuaia, Tierra del Fuego

Contact(s): James Bockheim: bockheim@wisc.edu

China

Subject: Nutrient management dairy farms
