

PI: _____

Proposal: _____

1. Please provide a one-sentence overview of the objectives of the research.

2. What is the scientific merit of the research?

3. How well have the authors justified the project funding using NIFA guidelines and/or the Hatch/Hatch Multistate/McIntire-Stennis intent to fund problem-solving research?

4. Does the proposal identify the practical benefit of the research? Who does the project benefit? What are the broader impacts?

5. What are the benefits to Wisconsin?

6. An evaluation of the ability of the research team to accomplish the stated objectives and the match between the objectives and available resources.

7. For interdisciplinary proposals, please comment on the plan to coordinate the team interactions.
